Firefox Tweaks

Performance

```
// speed up them sites
network.dns.disablePrefetchFromHTTPS = false
network.predictor.enable-prefetch = true
network.http.max-persistent-connections-per-server = 12
```

Usability

```
// Restore system print preview
print.tab_modal.enabled = false
```

Security

```
// Upgrade sites to HTTPS where available:
dom.security.https_only_mode_https_first = true
```

Ublock Origin
