# Firefox Tweaks

## Performance

```
// speed up them sites  
network.dns.disablePrefetchFromHTTPS = false  
network.predictor.enable-prefetch = true  
network.http.max-persistent-connections-per-server = 12
```

## Usability

```
// Restore system print preview  
print.tab_modal.enabled = false
```

## Security

```
// Upgrade sites to HTTPS where available:  
dom.security.https_only_mode_https_first = true
```

## Ublock Origin
